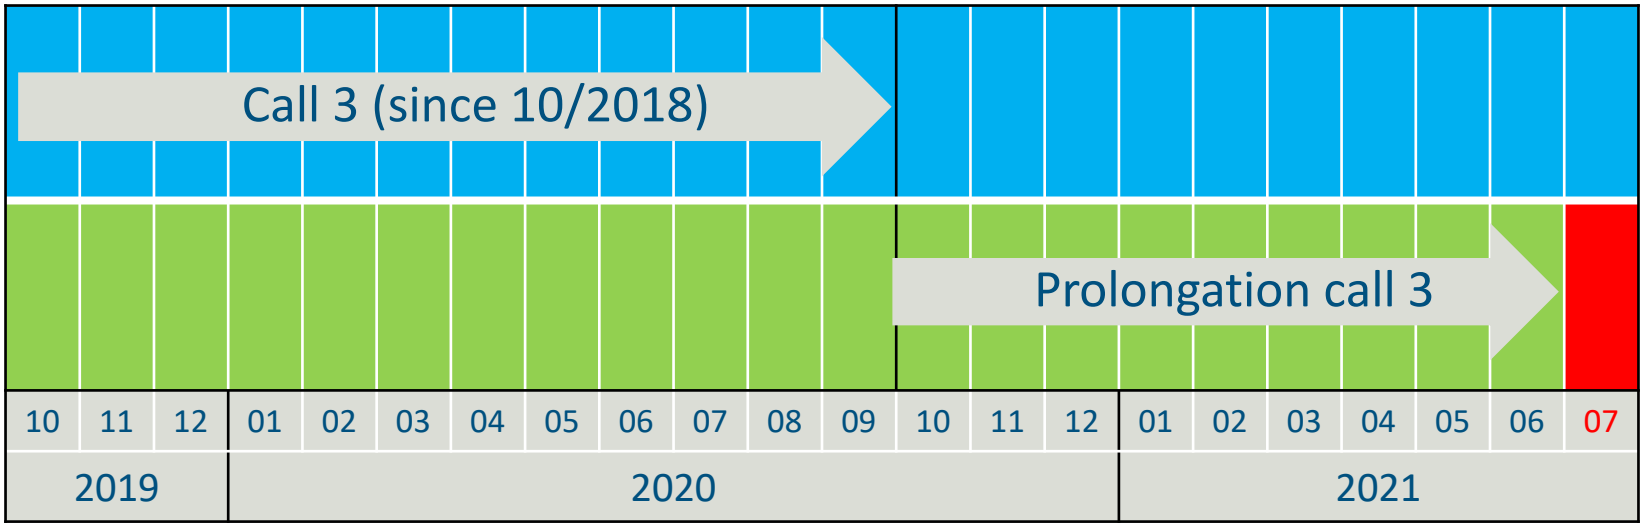
Interreg Baltic Sea Region

Project Prolongation for PAC/HACs



- Prolongation of the 3rd call projects to bridge funding gap
- Additional funding of EUR 69,000 per PA/HA
- Final decision to be taken by MC in mid-June

Interreg Baltic Sea Region

Project Prolongation due to Covid-19

- Prolongation up to 6 months offered to R-Mode Baltic and ResQU2
- Prolongation of implementation phase until 31st March 2021
- **NO additional budget available**

- Additional 6 months to be offered to PAC/HACs as well

Future Programme 2021 – 2027

What have we learned from the current period?

- Institutional capacity building as the a main strength
- Large variety of stakeholders involved
- Wide range of topics covered
- Strategies, recommendations, tools and training measures as main outcomes
- More practical implementation and piloting is needed
- Stronger involvement of end-users is needed

Future Programme 2021 - 2027

What do we know so far?

- INTERREG Baltic Sea Region Programme 2021 – 2027 is currently under planning
- Strong focus on Policy Objective 2 “A greener, low-carbon Europe…”
- Public consultations after the thematic framework has been agreed in the Joint Programming Committee
- Survey targeted at PAC/HACs to gather their opinions and considerations regarding the thematic framework

Future Programme 2021 - 2027

What do we know so far?

- As long as the EU regulations are not finalized, the Programme documents can´t be finalized either
- First call under the new Programme to be expected earliest in the second half of 2021
